EDUCATION

Brandeis School of Business and Economics — **Waltham, MA**
Candidate for Master of Science in Business Analytics (STEM-Designated) - GPA: 3.69 — Expected 12/2026
Relevant Coursework: *Python for Business Analytics, Econometrics with R, Marketing Analytics, Information Visualization*

Brandeis University — **Waltham, MA**
BA in Business & BA in Psychology, Minor in Studio Art — 08/2022 - 12/2025

TECHNICAL SKILLS

Programming Languages: Python (Pandas, NumPy), SQL (CTEs, joins, aggregation), R
Machine Learning & AI: Scikit-learn, XGBoost, LightGBM, SHAP, LLM APIs, RAG, ChromaDB
Analytics: Predictive Modeling, Feature Engineering, Pre/Post Impact Analysis, Customer Segmentation, KPI Dashboarding, ETL Pipelines
Tools & Platforms: Advanced Excel, Tableau, Power BI, Streamlit, Jupyter Notebook, Git/GitHub, MySQL, Bloomberg
Certifications: Databricks Fundamentals (10/2026); Snowflake Data Warehousing Workshop (in progress); Bloomberg Market Concepts (08/2026); IBM Build an AI Agent (07/2026)

WORK EXPERIENCE

MissFlora USA — **Cheyenne, WY**
Business Analyst Intern — 05/2025 - 08/2025

- Analyzed sales performance across 20 CPG SKUs using Python (Pandas), identifying the small set of SKUs driving most revenue to inform product-placement decisions
- Evaluated a new US retail channel by querying market share and pricing data via SQL; the resulting expansion recommendation was adopted by ownership
- Automated a fully manual supply-chain reporting process in Python, eliminating ~4 hours of weekly manual work and improving product-availability tracking

Kumukh Parfums — **Istanbul, TR**
Founder — 09/2021 - 09/2024

- Founded and ran a niche perfume brand, developing 2 fragrance lines at a $100 premium price point and selling 200+ units for $20K+ in revenue while owning packaging, sourcing, pricing, and customer relationships
- Turned a defective 30-unit batch into a retention channel by gifting it to past customers, who purchased ~2.5 units each on average afterward, driving repeat revenue at near-zero cost

PROJECTS

State Street Investment Management — **Boston, MA**
AI-Augmented Research Pipeline for Multi-Asset Meta-Labeling — 05/2026 - 08/2026

- Delivered a 0.81 walk-forward Sharpe ratio, positive in 6 of 6 out-of-sample periods, by rebuilding a multi-asset investment model for a State Street portfolio team across 7 asset classes and ~15 years of weekly data
- Engineered 30+ predictive features from price and macroeconomic data, pairing a baseline scoring layer with a machine-learning layer that adapts to shifting market conditions
- Presented findings as part of a 4-person team to a State Street stakeholder and faculty advisor

Ovrule - AI Agent Governance Platform | decision-receipt-lab.vercel.app — **Cambridge, MA (Remote)**
Creator & Sole Developer — 04/2026 - Present

- Independently built and shipped an AI product (Next.js + Supabase) with an LLM-based classifier that scores agent decisions against six safety rules in real time
- Published as an open-source npm package (ovrule-lab) and named a Top 7 finalist out of ~50 teams in Ship Season S26, presenting live at Demo Day

Boston Traffic Safety Dashboard — **Waltham, MA**
Analytics Project — 02/2026 - 05/2026

- Built a Python + SQL analytics tool (MVC architecture, unit-tested) that pulls 20+ years of City of Boston crash records (2002-2024) from a live open-data API into a SQLite database
- Designed an interactive Streamlit dashboard - KPI tiles, geographic heatmap, time-series, and severity/mode breakdowns - and ran a pre/post change-point analysis on 6 real municipal interventions to measure their effect on crash rates

PUBLICATIONS, ACTIVITIES & SKILLS

Publication: Co-author, "Use of Velocity Vectors for Cell Classification Under Acoustic Drifting Forces," IEEE TIPTEKNO, 2020
Activities: National Association for Business Economics - NABE (2026 - Present), Brandeis Women in Economics & Finance (2026 - Present), Brandeis Entrepreneurship & Technology Assoc. (2022 - 2024). **Volunteer:** Certified Ballet Instructor - Teaching ballet to kids with no prior access to the arts in Turkey (2021 - 2022).
Languages: Turkish (Native), English (Fluent), French (Beginner)
