Tools: Advanced Excel, Tableau, Power BI, Jupyter Notebook, Google Colab, Git/GitHub, MySQL, Bloomberg

WORK EXPERIENCE

MissFlora USA

Cheyenne, WY

Business Analyst Intern

05/2025 - 08/2025

- Analyzed SKU-level CPG performance using Python (Pandas) to identify high growth segments and optimize product placement
- Queried market share and pricing data using SQL to provide data driven insights for US retail channel expansion
- Automated supply chain monitoring reducing manual reporting time and improving product availability.

Kumukh Parfums

Istanbul, TR

Founder

09/2021 - 09/2024

- Founded and ran a niche perfume brand – developed 2 fragrance lines at a \$100 premium price point, sold 200+ units (\$20K+ revenue), and owned everything from packaging design and sourcing to pricing and customer relationships.
- Turned a defective **30-unit batch** into a word-of-mouth growth channel by gifting it to past customers and contacts — driving referrals and repeat interest at near-zero cost

Ford Motors

Istanbul, TR

Research and Development Intern

05/2020 - 08/2020

- Mapped R&D workflows using Excel and Python to identify process automation and efficiency opportunities, reducing cycle time in key development stages

PROJECTS

State Street Investment Management

05/2026- Present

Graduate Field Project

Boston, MA

- Building an AI-augmented research pipeline for multi-asset meta-labeling, combining LLM-based signal extraction with quantitative meta-labeling to filter and validate trading signals

Ovrule - AI Agent Governance Platform

04/2026 - Present

Creator & Sole Developer • Ship Season S26 Top 10 Finalist

Cambridge, MA (Remote)

- Independently built and shipped an AI product (Next.js + Supabase) with an LLM-based classifier that scores agent decisions against six safety rules in real time — live at decision-receipt-lab.vercel.app

Olist Brazilian E-Commerce Analysis

Spring 2026

Personal Project

- Built an RFM (Recency, Frequency, Monetary) customer segmentation framework on 100K+ Olist e-commerce transactions, identifying high-value segments and churn-risk cohorts for targeted retention strategies
- Analyzed delivery performance using SQL + Python (Pandas), uncovering that late deliveries drop customer satisfaction by 40% (2.57 vs 4.29 average review)

ACTIVITIES/SKILLS

Activities: Brandeis Entrepreneurship & Technology Assoc. (Member, 2022 - 2024), Data Analytics Club (Member, 2024 - Present)

Volunteer: Certified Ballet Instructor – Teaching ballet to kids with no prior access to the arts in Turkey (2021-2022)

Languages: Turkish (Native), English (Fluent), French (Beginner)
